

How to access your Email Account in cPanel

1. Login to your cPanel control panel
2. Click on the "Email Accounts" icon

From within Cpanel:

3. Choose your Webmail program.
4. Login to the Webmail program by using your email address as the username and the password that goes with the email account.

How to access your Email WITHOUT logging in to cPanel

If you have setup multiple accounts (for your staff, for example), and you do not want them logging in to your cPanel to check their email, NOT a problem. There are various ways they can access their email. By using any of the locations below, they can securely access their email.

1. `yourdomain.com/webmail`
2. `yourdomain.com:2095`
